OBJECTIVE

Aspiring Software Developer seeking an opportunity to apply my programming and web development skills, contribute to innovative projects, and continuously expand my technical knowledge in a collaborative and growth-oriented organization.

EDUCATION

Bachelor Of Computer Science , LBRCE, Mylavaram, Andhra Pradesh. CGPA: 8.52(upto Semseter -VI)	2023-Pursuing
Intermediate MPC , Rama Krishna junior College, Machilipatnam, Andhra Pradesh. Marks:922	2021 - 2023
SSC , Vijayasri Sunflower High School, Kosuru , Andhra Pradesh. Marks:566	2020 - 2021

SKILLS

Programming Languages : Java, C, Python.

Web HTML, CSS, JavaScript, JSP, Servlets.

Databases SQL, MongoDB.

Frameworks React.js, Node.js, Express.js

Core Concepts OOPS, DBMS, Data Structures.

Tools Git, GitHub, Eclipse, VSCode

EXPERIENCE

Cybersecurity Intern-CISCO: - Performed network configuration and simulations using Cisco Packet Tracer.. - Learned cybersecurity fundamentals and security protocols.	June 2025-August 2025
AI&ML Intern-APSCH: Worked with basic machine learning models, data preprocessing, and AI concepts	May 2026 -July 2026
MERN Stack Intern – CSC : - Gained hands-on experience with MongoDB, Express.js, React.js, and Node.js through internship training. - Contributed to the development of a MERN Stack web application and learned CRUD operations and REST API concepts.	May2026-June2026

PROJECTS

Hospital Appointment System (ongoing)

- Developing a MERN-based appointment system with JWT authentication and REST APIs.
- Implementing doctor, patient, and appointment management modules.

Lung Cancer Detection Using CNN(Final year Project)

- Developing a CNN-based deep learning model for automated lung cancer detection from CT scan images.
- Applying image preprocessing, feature extraction, and model evaluation using Python, TensorFlow/Keras, and OpenCV.

Credit Card Approval Prediction

- Developed an ML model to predict credit card approval using Python and Scikit-learn, Flask.
- Applied data preprocessing, feature engineering, and evaluated model performance.

CERTIFICATIONS & ACHIEVEMENTS

1st Prize – LinguaSpark Hackathon demonstrating strong communication, language proficiency. | Infosys – Java 11 Essentials, Python Essentials | NPTEL – IoT (Elite) | NPTEL-IOT 4.0(Elite)| AWS – Cloud Practitioner | Cisco – Python Essentials, C Essentials, Cybersecurity Essentials| Quantum Fundamentals - Wiser
